Subject: 254650 NE Response. Goring NP revised HRA screening report.

Follow Up Flag: Follow up
Flag Status: Flagged

Dear Sir/Madam,

Having reviewed the updated Goring NP HRA Screening Report, Natural England would like to confirm we agree with the conclusion of the report that the Goring Neighbourhood Plan will not give rise to likely significant effects on European sites, either alone or in-combination with other plans or projects, and Appropriate Assessment is therefore not required.

Best regards,

Milena Petrovic
Adviser
Sustainable Development
Thames Team

We are here to secure a healthy natural environment for people to enjoy, where wildlife is protected and England's traditional landscapes are safeguarded for future generations.

Natural England offers two chargeable services – The Discretionary Advice Service ([DAS](#)) provides pre-application, pre-determination and post-consent advice on proposals to developers and consultants as well as pre-licensing species advice and pre-assent and consent advice. The Pre-submission Screening Service ([PSS](#)) provides advice for protected species mitigation licence applications.

These services help applicants take appropriate account of environmental considerations at an early stage of project development, reduce uncertainty, reduce the risk of delay and added cost at a later stage, whilst securing good results for the natural environment.
