I would like to request permission to speak at the Neighbourhood Plan examination next week. In particular I would like to detail why I believe the plan has failed to address both statutory and Plan policies relating to the protection of the Area of Outstanding Natural Beauty. There are a number of significant flaws with the process which has been developed and the application of that process. My views are supported by work carried out on behalf of residents by planning, transportation and landscape consultants. I would like to speak on behalf of a number of residents of Wallingford Road who share a concern over the unnecessary and irreversible impact the plan would have on the AONB.

Regards

Andy Best
