

Well located benches and seating areas
Working areas and stores screened from general view
Public toilets
Summary score for design and specification

Healthy, Safe and Secure

Health and Well-being

Any organised activities on site (see signs etc) e.g. sport, health walks
Summary score for health and well-being

Safety and Security

Adequacy safety measures adjacent to areas of water (e.g. signs, lifebelts)
Adequate lighting around the space, including through car park and routes where appropriate
Apparent safety of site (use evidence of anti-social behaviour as a proxy)
CCTV, if appropriate
First aid and emergency equipment available and clearly signposted
Sense of personal safety in the space
Summary score for safety and security

Control of Dogs

Appropriate signage on the control of dogs
Summary score for control of dogs

Well Maintained and Clean

Litter and Waste Management

Adequate number of litter bins for the space
Adequate number of pooper bins for the space
Freedom from litter, dog fouling, vandalism etc
Grounds, buildings, equipment and features incl flower beds

Conservation and Heritage

Conservation and management of natural, landscape and built facilities

--

Community Involvement

Active Friends Group (see notice boards)
Facilities and features which appeal to all sectors of the community

Marketing

Appropriate programme of events in the space
Attractive and well maintained site notice boards
Information for users

Management

Uniformed wardens or rangers on site, if appropriate

--

Comments

Negative features which detract from the space

Score 0 for no negatives up to 10% for significant negatives

Adjust quality score due to negative features not already marked above

--

Children's Equipped Play Areas

Scoring

- 4: Space is fine as it is/high quality
 3: Some improvements needed or average quality, mostly through better maintenance
 2: Below average quality/some capital investment needed
 1: Poor quality, major investment required
 0: Facility or feature is missing, but needed
 x: Facility or feature is not needed in this space

Full range of play

equipment includes:
 balancing, climbing/ agility,
 crawling, jumping, rocking,
 rotating, sliding, swinging,
 social play

Polygon ID
 Audit sheet number
 Local authority area
 Site name
 Main access (street name)
 Settlement
 Area (from GIS)
 Part of larger site? E.g. Park or recn ground (Y = Yes, N = No)
 Date of audit

Access (enter Y for one only)

Public access - free
 Public access - admission or hire charge
 De facto public access
 Shared/dual use education site
 Restricted access
 No public access

Facilities on the site (NB site may have different age groups)

Play facilities intended for under-8s with either minimum of 5 separate play items or 1 multi item plus 2 others (Y/ N)

Play facilities intended for 8-12s with either at least 8 separate play items or 1 multi play plus 3 items (Y / N)

Site offers the full range of play including social space/items for age groups marked Y above

Site has "natural" play provision as well as equipment

Site is ONLY "natural" play

Quality Audit

General characteristics

Acceptable distance to nearest dwelling window (minimum 20 m)
 Appropriate signage (no dogs, play area is for children aged up to ... etc)
 Summary score for general characteristics

Pedestrian Accessibility

Accessibility for buggies and people in wheelchairs
 Accessibility for maintenance equipment
 Entrances linked to well used pedestrian routes by hard surfaced path
 Well drained internal surfaces usable in wet weather
 Summary score for accessibility

Safety and Security

Main type of safety surfacing (wet pour = 4, rubber tiles = 3, sand/bark chips = 2)
 Self-closing gate
 Condition of safety surfacing beneath all items of equipment
 Dog proof fencing at least 1 m high (for young children only)
 Passive surveillance from neighbouring dwellings
 Summary score for safety and security

Condition of Play Equipment

Overall condition of equipment
 Summary score - condition of play equipment

Other Facilities

Seats for carers and parents
 Cycle racks
 Adequate litter bin provision
 Summary score - other facilities

Management and Maintenance

Freedom from litter, vandalism, dog fouling, glass etc
 Condition of paths, litter bins, furniture etc
 Condition of dog-proof fencing
 Summary score - management and maintenance

Overall Quality Rating

#DIV/0!

Comments

Teenage/Youth Provision

Scoring

- 4: Space is fine as it is/high quality
 3: Some improvements needed or average quality, mostly through better maintenance
 2: Below average quality/some capital investment needed
 1: Poor quality, major investment required
 0: Facility or feature is missing, but needed
 x: Facility or feature is not needed in this space

Definition: includes skate parks, outdoor basketball courts (open access), shelters, kick about areas

Other	

Quality Audit

General characteristics

Adequate distance to nearest dwelling window	
Appropriate, welcoming signage	
Details of where to get help in case of accidents	
Freedom from over-shadowing and/or leaf drop	
Summary score for general characteristics	

Pedestrian Accessibility

Linked to, but set back from, well used pedestrian routes	
Well drained internal surfaces usable in wet weather	
Accessibility for people in wheelchairs	
Accessibility for maintenance equipment	
Summary score for accessibility	

Safety and Security

Appropriate surfaces	
Condition of surfaces	
Informal passive surveillance	
Street or other lighting	
Summary score for safety and security	

Condition of facilities

General condition of facilities and surfaces including line markings if needed	
Condition of fencing where integral to facility	
Summary score - condition of facilities	

Other Facilities

Seats (can be benches)	
Cycle racks	
Adequate litter bin provision	
Appropriate public art	
Summary score for other facilities	

Management and Maintenance

Freedom from litter, vandalism, glass, dog fouling etc	
Summary score for management and maintenance	

Overall Quality Rating	#DIV/0!
------------------------	---------

Comments

Rather boring. No line markings, moderate quality surface. Set away from main pedestrian routes

Allotments and Community Gardens

Scoring

4: Space is fine as it is/high quality

3: Some improvements needed or average quality, mostly through better maintenance

2: Below average quality/some capital investment needed

1: Poor quality, major investment required

0: Facility or feature is missing, but needed

x: Facility or feature is not needed in this space

Polygon ID

Site name	
Main access from (name of street)	
Settlement	
Area of the District	
Site area (from GIS)	
Owner (LA, Parish/Town Council, Association)	
Date of audit	
Number of plots on the site	
Percentage of plots apparently vacant (best estimate)	0%

General characteristics

Signage (eg details of ownership)	
Informal surveillance from neighbouring properties	
Condition of boundary fencing/walls	
Hedgerows (where present) dense and bushy	
Summary score for general characteristics	

Accessibility

Adequate parking close to the site (can be on-street)	
Accessible from the adjacent street/parking in a wheelchair	
Wide access routes within the site	
Well-drained, surfaced paths suitable for wheelchairs	
General accessibility for people in wheelchairs	
Summary score for accessibility	

Facilities

Water supply arrangements (tap within 50 m of each plot; rainwater)	
Communal storage facilities	
Trading shed	
Arrangements for composting	
Toilets (on site or nearby)	
Summary score for facilities	

Overall quality rating	#DIV/0!
------------------------	---------

Value Audit

Contribution to Local Amenity

Contribution to appearance of the neighbourhood	
Relationship to adjacent or linked spaces	
Value as a visual screen or buffer	
Value as a noise buffer	
Relationship to adjacent buildings	
Summary score for amenity value	

Contribution to Recreation and Well-being

Value of informal recreation opportunities provided by the site	
General attractiveness of site to potential plot-holders	
Summary score for recreational value	

Overall value rating	#VALUE!

Overview of Play Provision Definitions as outlined by the NPFA (FIT) in the 'Six Acre Standard'

Type of Play Provision	Requirements
Local Area for Play (LAP)	• Minimum activity zone area of 100m² • Caters for children up to 6 years of age • Is within 1 minutes' walking time from home • Has a buffer zone of 5m minimum depth between the activity zone and the dearest dwelling that faces the LAP. This should include planting to enable children to experience natural scent, colour and texture • Is overlooked by nearby houses • Gable ends or other exposed walls should be protected from use for ball games by, for example, providing a strip of dense planting of 1m minimum depth • Is positioned beside a pedestrian pathway on a well-used route • Occupies a reasonably flat, well-drained site with grass or a hard surface • Contains features that enable children to identify the space as their own domain, e.g. low key games such as hopscotch, a foot-print trail, mushroom style seating etc. • Any playground equipment provided must conform to EN 1176 • Contains seating for parents and/or carers • Has fencing of at least 600mm in height around the perimeter, with a self-closing pedestrian gate to prevent access by dogs • Has a barrier to limit the speed of a child entering or leaving the facility • Has a sign indicating: the area is solely for use by children, adults are not allowed unless accompanied by children, dogs are excluded
Local Equipped Area for Play (LEAP)	• Minimum activity zone area of 400m² • Caters for children from 4 to 8 years of age • Is within 5 minutes' walking time from home • Has a buffer zone of not less than 10m in depth between the edge of the activity zone and the boundary of the nearest dwelling and a minimum of 20m between the activity zone and the habitable room façade of the dwelling. This zone should include planting to enable children to experience natural scent, colour and texture • Should not have play equipment overlooking nearby gardens • Is positioned beside a pedestrian pathway on a well used route • Occupies a well-drained site with a grass or a hard surface and features an appropriate impact-absorbing surface beneath and around the play equipment conforming to EN 1177 • Contains at least 5 types of play equipment, of which at least 2 are individual pieces, rather than part of a combination multi-play unit. Each type of play equipment should be designed to stimulate one of the following activities: balancing, rocking, climbing/agility, sliding, social play. Additional items may focus upon rotating, swinging, jumping, crawling, viewing, counting or touching • The playground equipment must conform to EN 1176 • Contains seating for parents and/or carers • Contains a litter bin • Has adequate space around the equipment to enable children to express their general exuberance and play games of 'tag' or 'chase'

	• Has fencing of at least 1m in height around the perimeter of the activity zone, with two outward-opening, self-closing gates, on opposite sides of the play area, to deter entry by dogs and to restrict opportunities for bullying • Has a barrier to limit the speed of a child entering or leaving the facility • Has a sign indicating: that the area is solely for the use by children, adults are not allowed unless accompanied by children, dogs are excluded, name and telephone number of the operator of the facility to report any incident or damage to the play equipment, and the location of the nearest public telephone
Neighbourhood Equipped Area for Play (NEAP)	• Minimum activity zone area of 1000m² that is divided into two parts; one containing a range of playground equipment and the other having a hard surface of at least 465m² (the minimum area needed to play five-a-side football) • Caters predominantly for older children • Is within 15 minutes' walking time from home • Has a buffer zone of not less than 30m in depth between the activity zone and the boundary of the nearest dwelling. A greater distance may be needed where purpose-built skateboarding facilities are provided. This zone should include planting to enable children to experience natural scent, colour and texture • Positioned beside a pedestrian pathway on a well used route • Occupies a well drained site with both grass and hard surfaced areas and featuring an appropriate impact-absorbing surface beneath and around the play equipment conforming to EN 1177 • Contains at least 8 types of play equipment, comprising: at least 1 item to stimulate rocking, touch, social or developmental play among younger children; at least 2 items to facilitate sliding, swinging or moderate climbing; and at least 5 items to encourage either more adventurous climbing, single-point swinging, balancing, rotating or gliding (e.g. cableway). At least 3 of these last 5 items should be individual play items rather than part of a combination multi-play unit • The playground equipment must conform to EN 1176 • Contains seating for parents and/or carers in the vicinity of the play equipment and other seating within the hard-surfaced games area • Contains litter bins at each access point and in the proximity of each group of seats • Has a convenient and secure parking facility for bicycles • Has adequate space around the equipment to enable children to express their general exuberance and play games of 'tag' or 'chase' • Has fencing of at least 1m in height around the perimeter of the activity zone, with two outward-opening, self-closing gates on opposite sides of the space, to deter entry by dogs and to restrict opportunities for bullying • Has a barrier to limit the speed of a child entering or leaving the facility • Has a sign to indicate: the area is solely for use by children, adults are not allowed in the equipped space unless accompanied by children, dogs are excluded, name and telephone number of the operator of the facility to report any incident or damage to the play equipment, and the location of the nearest public telephone
