Next steps

* the first step is now complete

There are three further steps before the Plan can become part of local planning policy.

1. **Regulation 16 Consultation** – SODC will conduct a further consultation on the updated Plan for a minimum period of 6 weeks. All feedback during this period will be held as evidence.

2. **Independent Examiner** – The Plan and all evidence has been considered by an independent examiner appointed by SODC in consultation with the Parish Council. The examiner has reported to the District Council recommending that, subject to modification, the Plan can proceed to referendum.

**Referendum** – the residents of Goring will be asked to vote to accept or reject the final Plan. The referendum is expected to be in the summer of 2018. It is determined on the basis of a simple yes/no
vote. If the Plan is accepted by a majority of one or more, it will become part of local planning policy and will have full weight. If the community rejects the Plan it will have no significance as a planning tool and will offer no protection to Goring.”
